

Queen's Problem

On a 2x2 board, place 2 Queens?

On a 3x3 board, place 3 Queens?

On a 4x4 board, place 4 Queens?

.

.

.

On a 8x8 board, place 8 Queens?

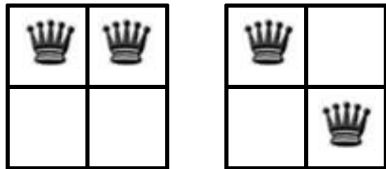

.

.

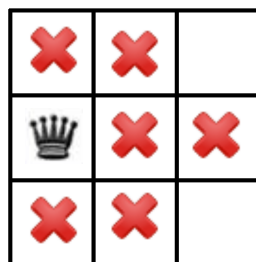

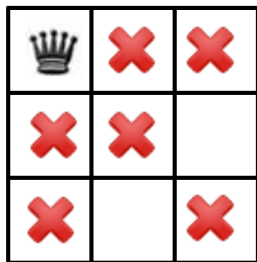

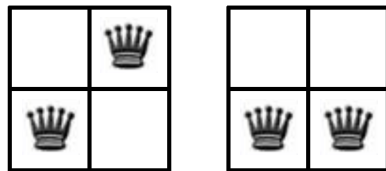

.

On a 100x100 board, place 100 Queens?

Queen's Problem

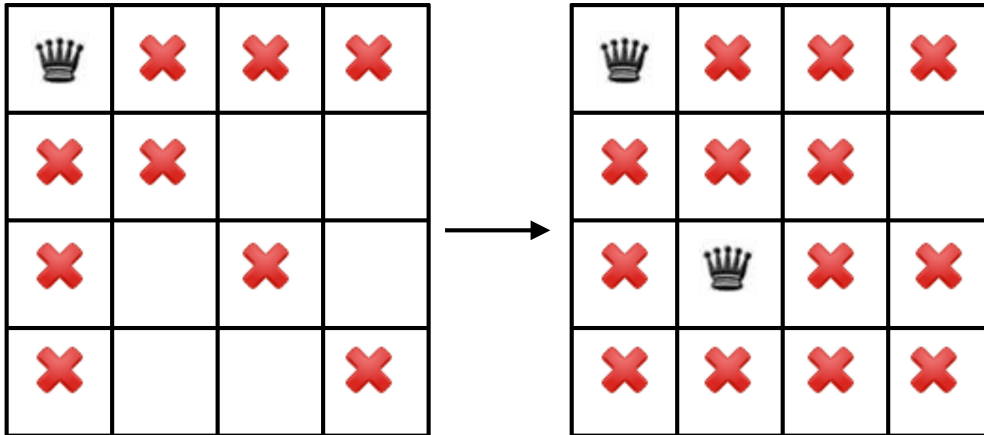

On a 2x2 board, place 2 Queens?
Nope!

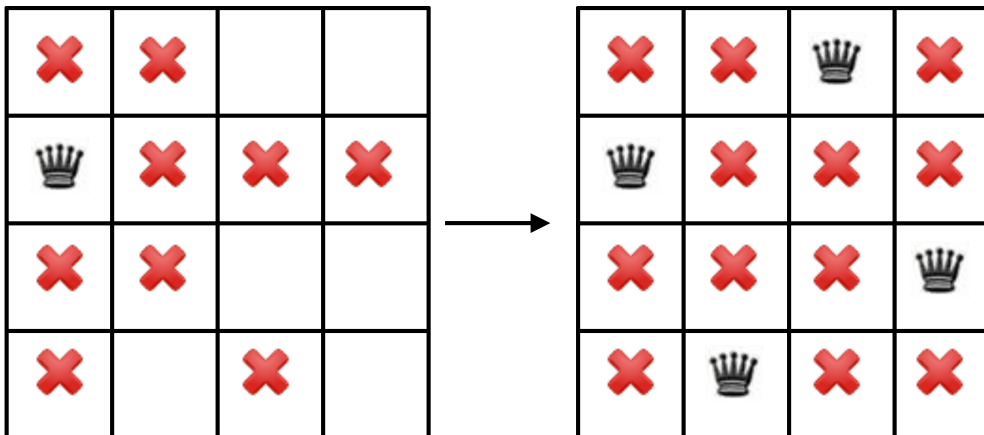

On a 3x3 board, place 3 Queens?
Nope

Queen's Problem

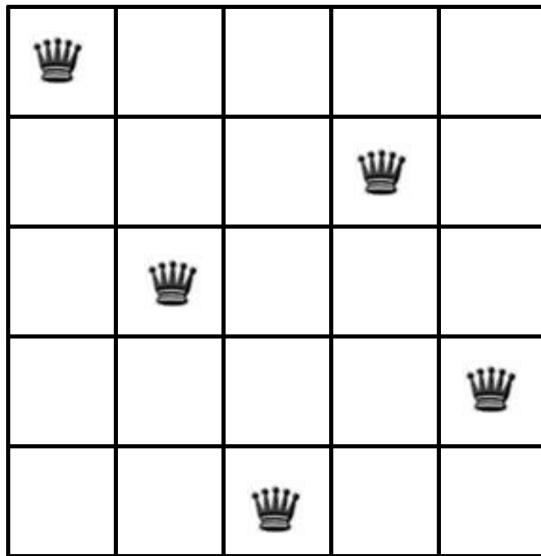

On a 4x4 board,
place 4 Queens?
Yes!

(Notice the spacing
looks like a knights
move in chess)

Queen's Problem

On a 5x5 board,
place 5 Queens?
Yes!

(Notice the spacing
looks like a knights
move in chess)
